

The Premier Scheduling Module was created to save hours of manual scheduling.

- Allows employees to be scheduled by priority
- Automatic by Area, Task, and Shift
- By Individual, Template, or Automatic
- Ensures Minimum and Maximum Hours per Employee
- Schedules by Guides or Standards (covers, transactions, departures, etc...)
- Takes into account preferred shifts, tasks and days available
- Define employee shifts and tasks so the system can generate your schedule automatically or manually
- Set-up employee's preferred shifts and tasks with minimum and or maximum hours
- Employee can request time-off
- Create your schedule based on the criteria
